## NOTICE TO PURCHASERS

In presenting this, our regular Semi-Annual Price List, we would most respectfully call your attention to our Complete List of Stock and Extremely Low Prices. We do strictly a *wholesale* business, and give *all our attention* to our wholesale customers.

## SHIPPING FACILITIES

Our railroad facilities are of the best and we can obtain the lowest freight rates possible. We ship via the M., K. & T. and Frisco-Rock Island Systems and all their branches, which reach every railroad in the West and South and make direct connections with the East.

We also ship by American and United States Express Companies.

## TERMS AND CONDITIONS

*Terms of Payment.*—Cash or satisfactory security before shipment of stock. All orders to be sent by express, C. O. D., must be accompanied by one-half the amount in cash.

*Condition of Sale.*—1. When stock is to be boxed or baled we charge for cost of labor and material.

2. We deliver all goods free of drayage to railroad or express offices, after which our responsibility ceases.

3. At these prices selections of varieties must be left to us, but we always give purchaser his choice, so far as consistent with our stock. 50 at 100 rates and 500 at 1000 rates. \$50.00 worth or more at 1000 rates regardless of number taken.

4. We prefer parties ordering should indicate the route by which they wish stock sent. In the absence of particular directions we forward to the best of our judgment, but in no case will we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur from detention enroute, claims should be made on the carriers immediately.

5. We fumigate all stock when required by law or requested by our customers to do so.

## CERTIFICATE OF GENUINENESS

We desire it to be distinctly understood that we have no connection whatever with any other **nursery**, or employ **traveling agents**, and that our **responsibility** for any business transaction extends only to persons **purchasing** direct from the nursery. Dealers purchasing from us sell upon their own responsibility. We likewise disclaim any liability for results arising from defective planting, or at improper seasons, or for subsequent faulty treatment and cultivation, and are not in any respect responsible for any loss or damage arising from any failure thereof. While we exercise the greatest care to have all our trees and plants true to name, well grown and packed in the best possible manner, and hold ourselves in readiness on proper proof to replace all trees or plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed to and between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees or plants that prove untrue. Our reputation for upright dealing and the uniform high standard of quality of our products—the result of forty-three years' business career—is our only guarantee to our customers.

## GRADES

We grade carefully. In some cases by caliper and others by height. When by both, the caliper must govern. The lower number is included but the higher number excluded. For instance, in a grade of 4 to 5 feet trees, 4 feet trees are included but 5 feet trees go into the next grade higher, and likewise when calipered. If plump 5 feet trees are wanted, the order must be from 5 to 6 feet.

When desired we will send samples.

Use the "Nurserymen's Telegraphic Code" when telegraphing.

Health certificate with each shipment.

Address:

**E. P. BERNARDIN,  
Parsons, Kansas**

ENTOMOLOGICAL COMMISSION OF KANSAS

No. A422.

OFFICE OF THE STATE ENTOMOLOGIST, STATE UNIVERSITY.

LAWRENCE, KANSAS, JUNE 25, 1913.

### CERTIFICATE OF NURSERY INSPECTION.

This is to Certify, That, in accordance with Chapter 386, Section 7, of Session Laws of 1907, the Nursery Stock now growing and for sale by E. P. Bernardin, of Parsons, Kansas, has been inspected by a duly authorized inspector, and found apparently free from dangerously injurious insects or plant diseases.

Invalid after June 1st, 1914.

**S. J. HUNTER,  
State Entomologist.**
